

T8 LED Batten

50K HOURS

Now available in 4000k

Replacing traditional 36W fluorescent tubes

15 watt T8 LED tube, direct replacement for the energy consuming T8 36W fluorescent tubes. Consumes only 15 watts of power, with zero radiation, highly suitable for spaces that require a uniform, high definition light source. Ideal for the home, office, industrial, clear span retail and internal public areas.

Features & Benefits

- Epistar SMD light source
- Single end wired with starter socket & rotatable pins
- Superior colour rendering; near daylight, index = 80
- Unique optical design for uniform light rays
- Provides energy and power costs savings
- Available in clear and frosted
