

# 9W Recessed Downlight

## For new home or renovation installations

Consumes only 9 watts of power, with conventional warm white light spread at 60 degrees; its effect is similar to the traditional quartz halogen downlight, so it's suitable for all home or commercial applications. This lamp helps achieve 6 Star efficiency standard requirements for lighting in home building.

## Features & Benefits

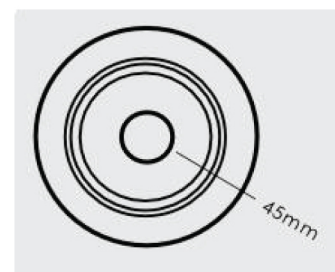

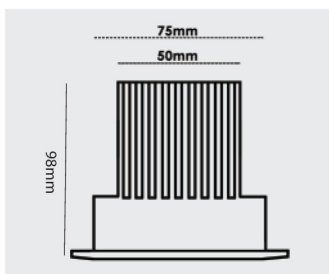

- Dimmable driver on leading/trailing edge dimmers
- Working temperature below 55deg C
- 100% plus luminaire efficiency
- 80% plus energy saving replacement
- 110mm flange available for 90mm cut outs
- Available in 3000K (warm) & 4000K (neutral)

## LED Light Specifications

Model	LED	Volts	Trim	Angle	Colour	Lumens
RDLS-9D30-60WH	SHARP/ CREE	12V CC	White	60°	Warm - 3000K	665
RDLS-9D40-60WH		12V CC	White	60°	Neutral - 4000K	720
RDLS-9D30-60S		12V CC	Silver	60°	Warm - 3000K	665
RDLS-9D40-60S		12V CC	Silver	60°	Neutral - 4000K	720
