

LED Corn Lamp

50K HOURS

Replacing traditional 75w - 500w Metal Halide

This LED Corn Lamp is available in 20w, 30w, 50w, 80w, 100w, 120w and 150w. Direct replacement for 50w - 500w Mercury Vapour & Metal Halide Lamps. Providing a 360° full beam angle, this light leaves no black spots.

40w+ versions come with active air cooling mechanism, speeding up heat dissipation.

Ideal for street, high bay, post top, and droplight fixtures in both, indoor and outdoor environments.

Features & Benefits

- IP60 rated.
- Wire insulated base
- Separate Meanwell Driver in 100w, 120w & 150w and Sunon fan in models 40w and above
- Aluminium heat dissipation system
- Unique construction design for easier light replacement
- 3 year warranty
